### SESSION 3 - BUILDING A BETTER FUTURE

1:30 – 3.15pm

The afternoon session will look at developing the national Fintech ecosystem and delivering a better future for business and society. We will start with an update on Scotland's Fintech strategy and the roadmap for research and innovation, before moving into a series of panels. The first discussion will focus on the growth and development of Scotland's Fintech sector, and the second will explore the role of Fintech in driving positive impact and helping the country to build back better.
